# Agenda

- YOURmeds – Quick Introduction
- What Problem do we Solve?
- YOURmeds – Our Solution
- Real World Evidence
- Next Steps

# Our Story So Far.....

- Care Home and MAR solutions rolled out in 2013
  - Support 7% of UK care home sector
  - > 80% of homes are rated Good or Outstanding for Meds Management
- Strong Technology & Healthcare background
- Smart Community Solution rolled out in 2019
- Already work with over 50 Pharmacy groups (150 individual Pharmacies)
  - Accepted by Pharmacy as an Easy to Work With Solution
- Projects underway in Holland, Spain & Australia
- We provide Solutions not Boxes!

# YOURmeds Technology Manifesto

- Technology should be accessible to everyone
- Poor technology literacy should not limit individuals in accessing technological solutions
- Technology should be inclusive, everyone should be able to access it
- Technology should be simple to use and easy to understand

# What's The Problem?

- 5 million people in the UK take 3 or more meds a day
- 70% of all people in council care are on medication
  - Vast majority have only the Council teams to support them

# What is YOURmeds?

- YOUR SmartTag – rechargeable, 9 days charge
- Delivered to user from pharmacist in full working order
- Works off mobile signal, WIFI not required
- Tag shows a number plus an audible alarm
- 5 supporters can be identified to support user
- 100% recyclable, disposable packaging
- Person centred care, tailor made for the individual

Certificate No:351482020

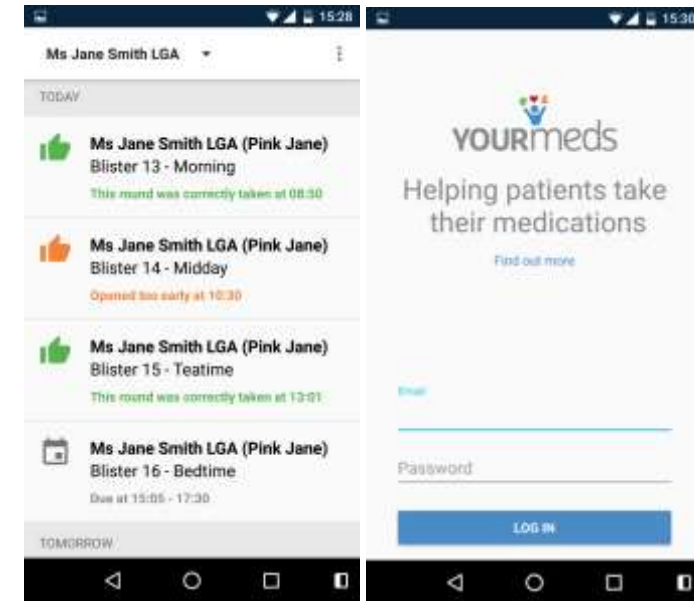

LLOYD'S

# Medication in the Community

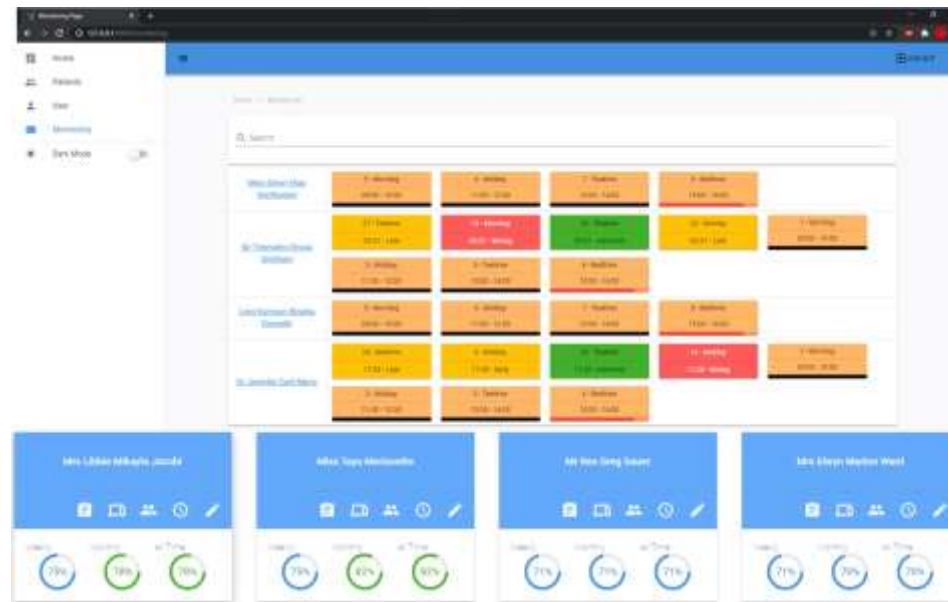

YOURmeds pack & SmartTag

Supporter App

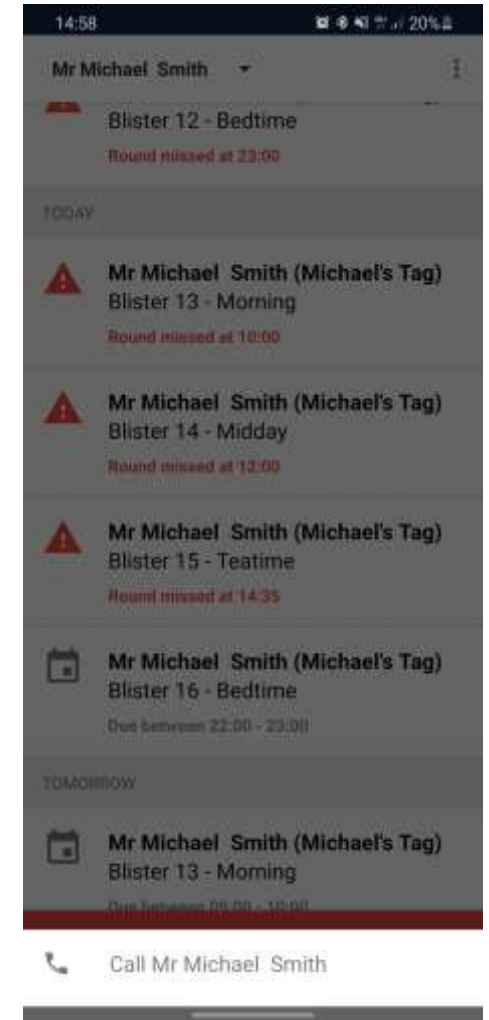

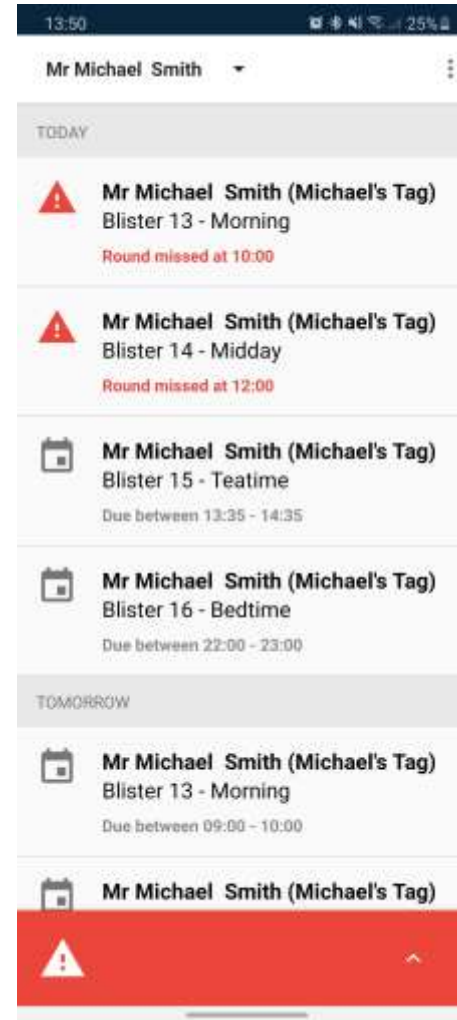

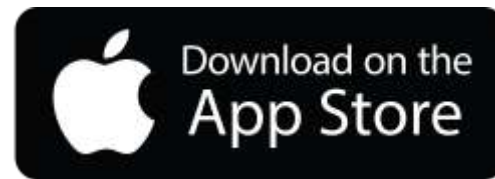

Dashboard

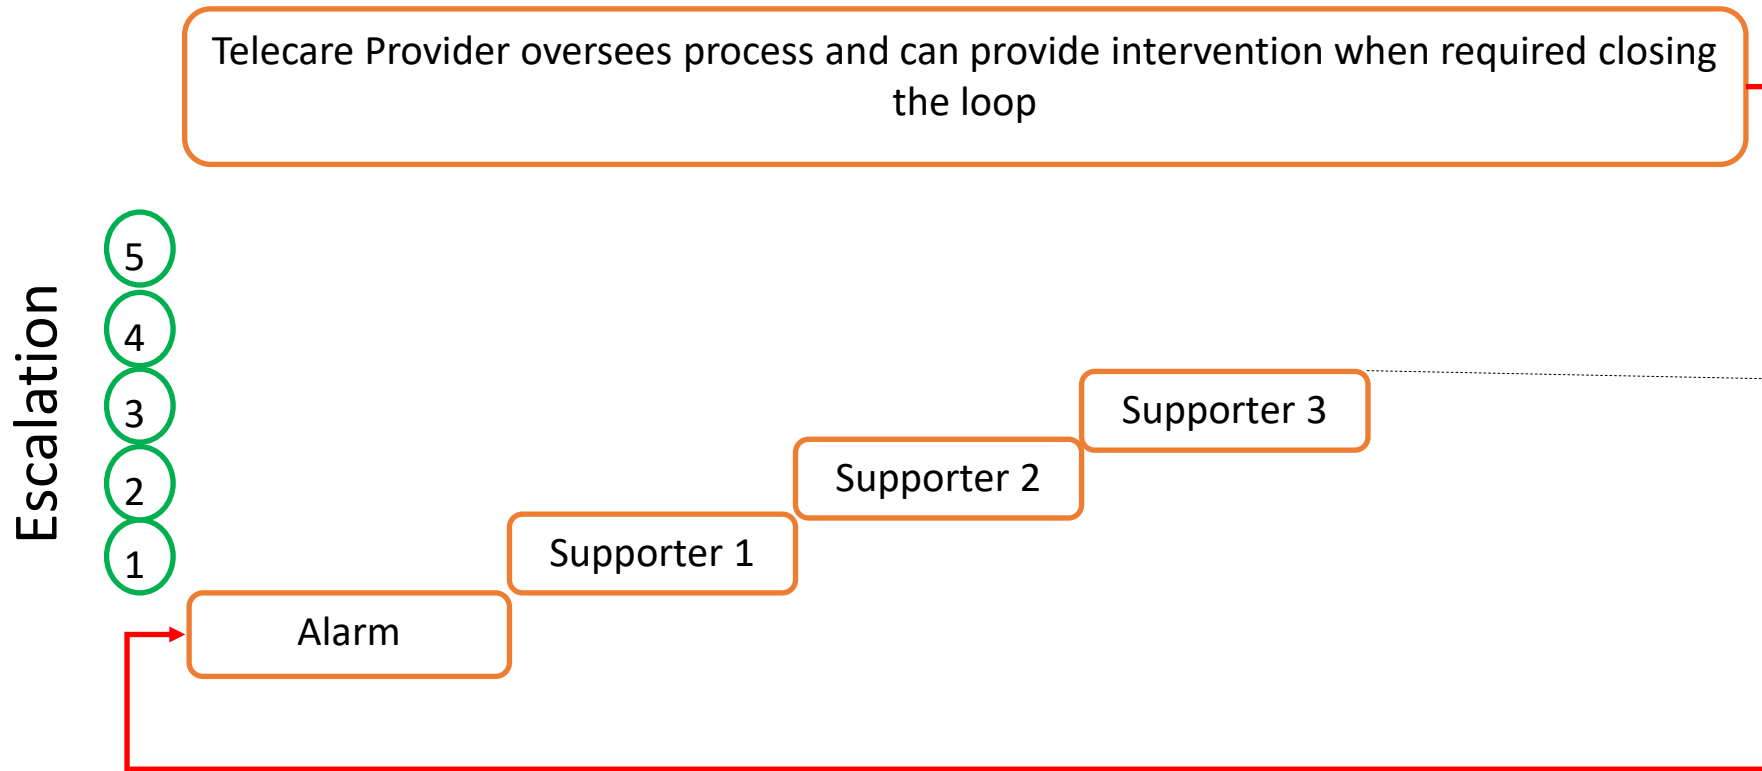

# Supporters

- Up to 5 supporters can be identified – family, friends, neighbours.
- Each supporter is sent their unique login with a user ID and password
- Simple to use
- Free Social Capital

- Each supporter knows where they have are in the pecking order.
- By not informing everyone at the same time efficacy is improved
- Telecare provider can have an overview

# Our USP – we inform!

<b>Action</b>	Taken	Not Taken	Wrong	Too Many
<b>Interpretation</b>	Circuit Broken	Circuit not broken	Wrong number blister opened	Multiple blisters opened

- Data on every medication round
- Accountability Audit trail – who was informed and when where they informed all notifications sent are recorded in the back end

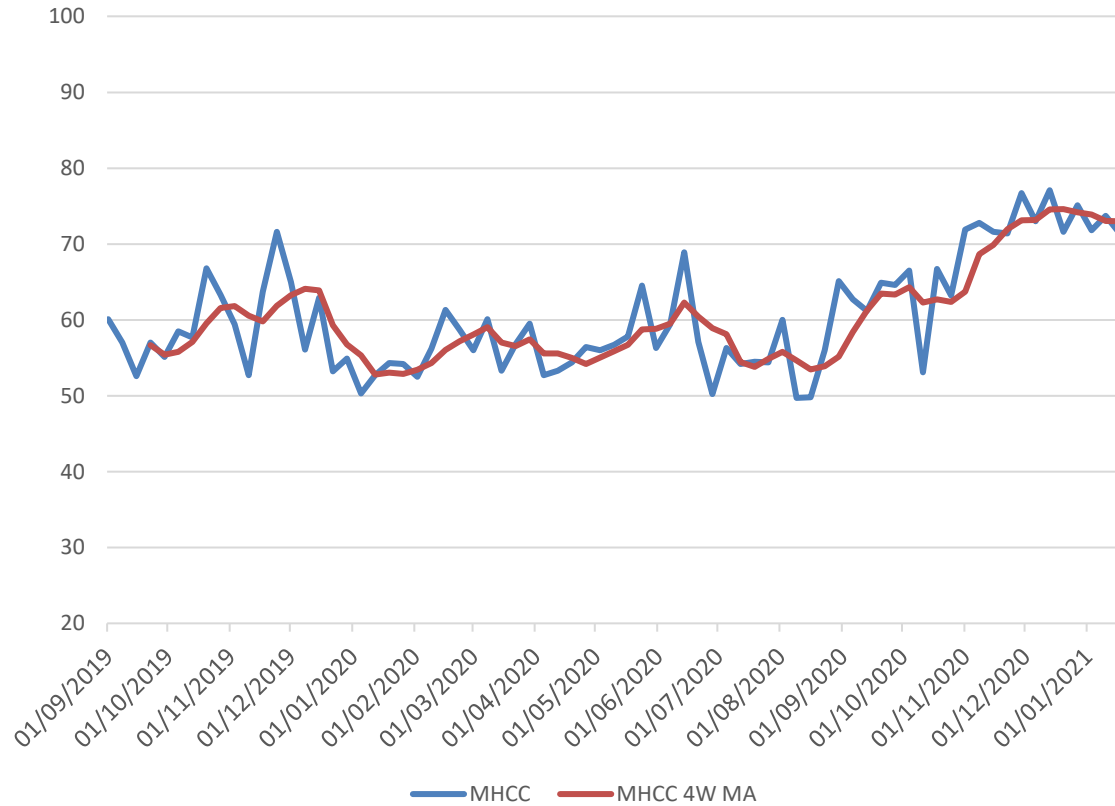

**LLOYD'S**  
LLOYD'S OF LONDON

# Key areas where YOURmeds works

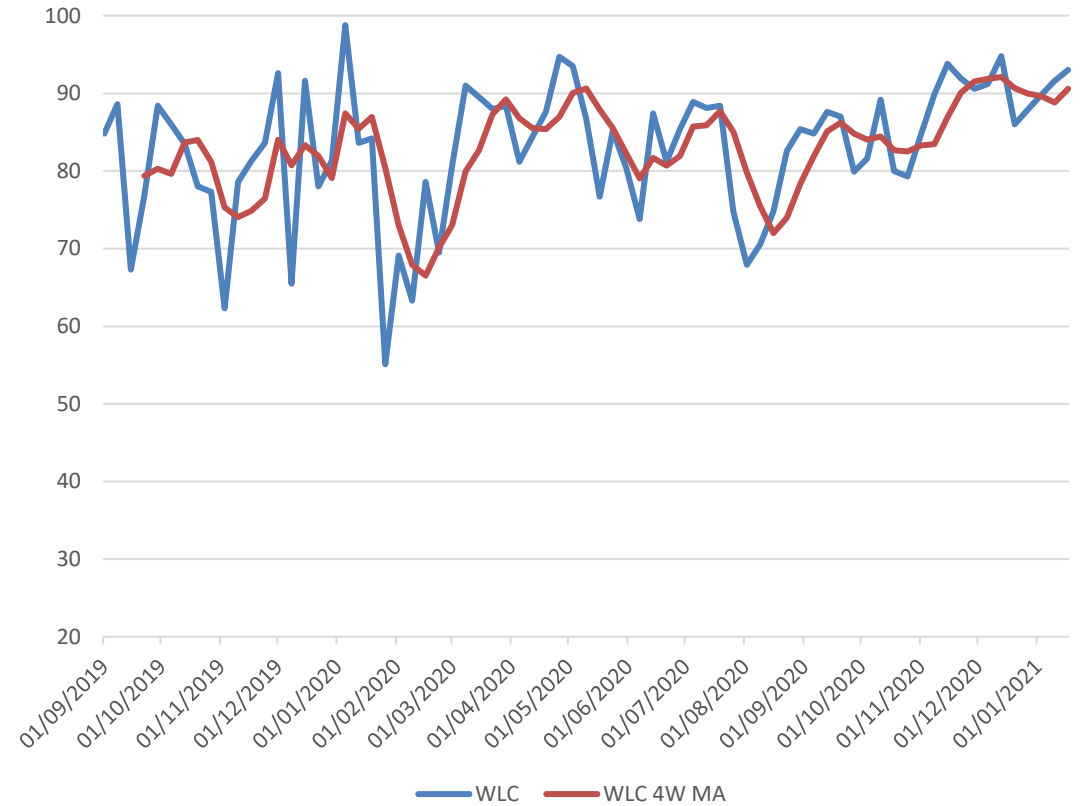

- Reablement
- Hospital Discharge
- Mental Health
- Supporting people to become more independent – Autism and Learning Difficulties

# Adherence Data Over Time

## Manchester City Council

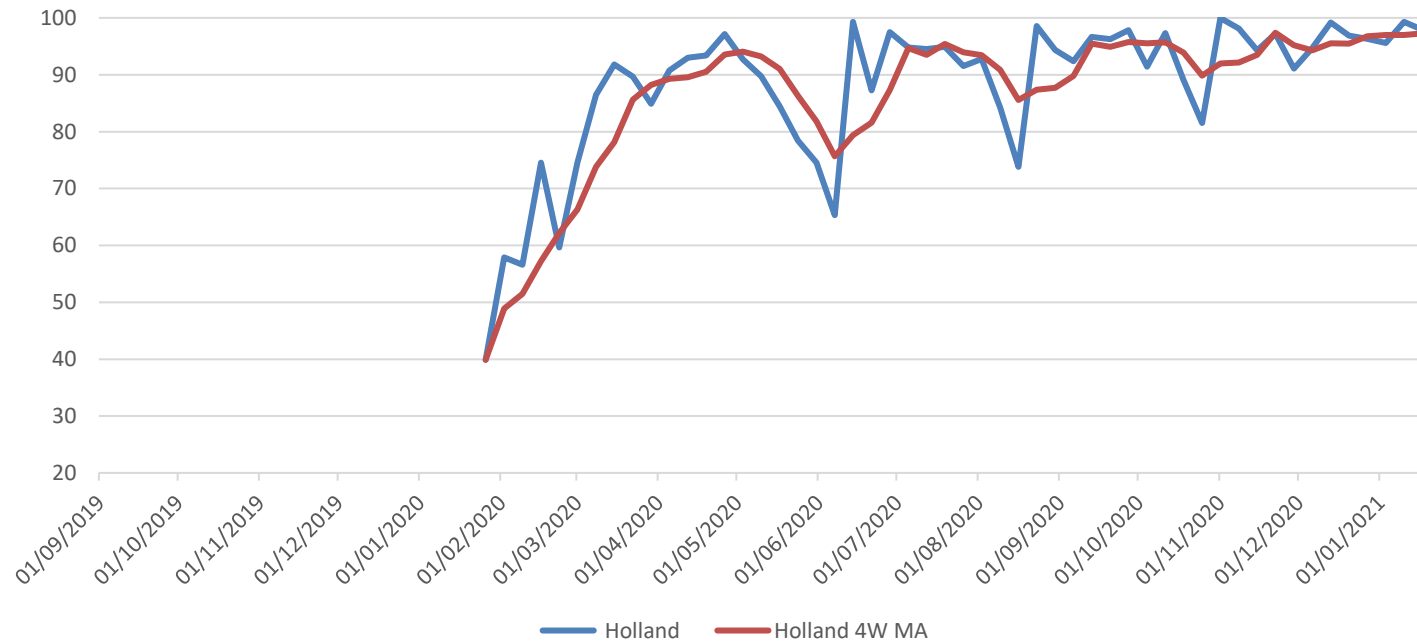

## West Lothian Council

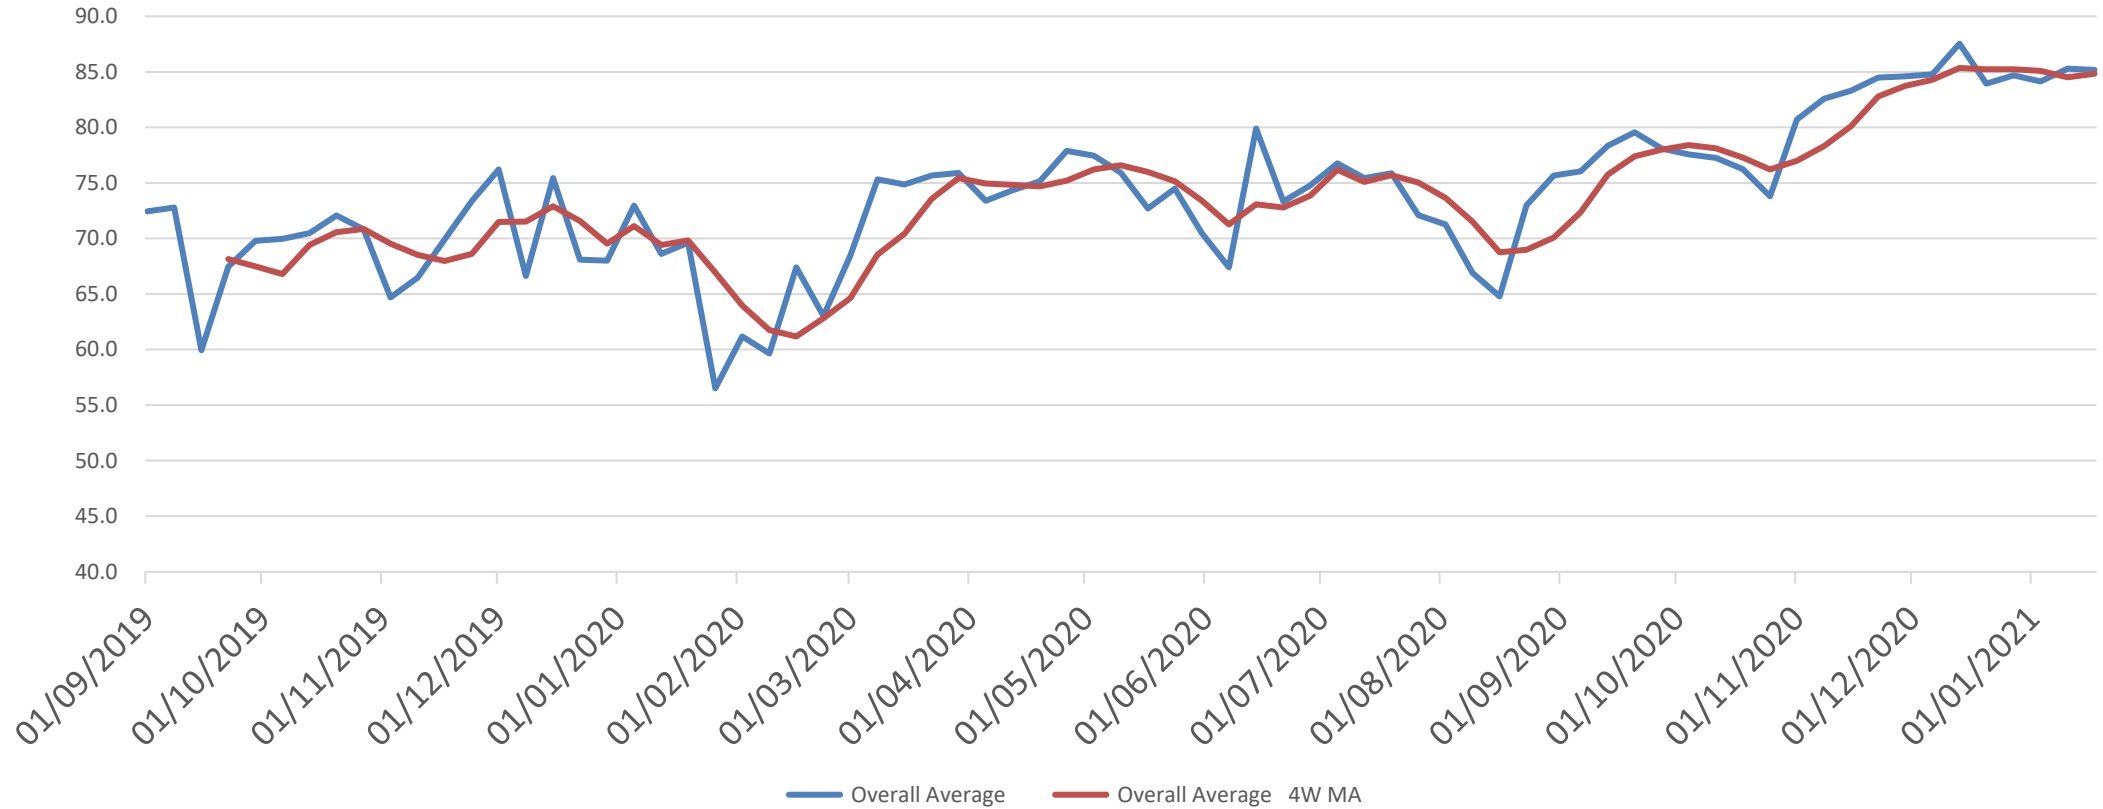

# Adherence Data Over Time

## Holland

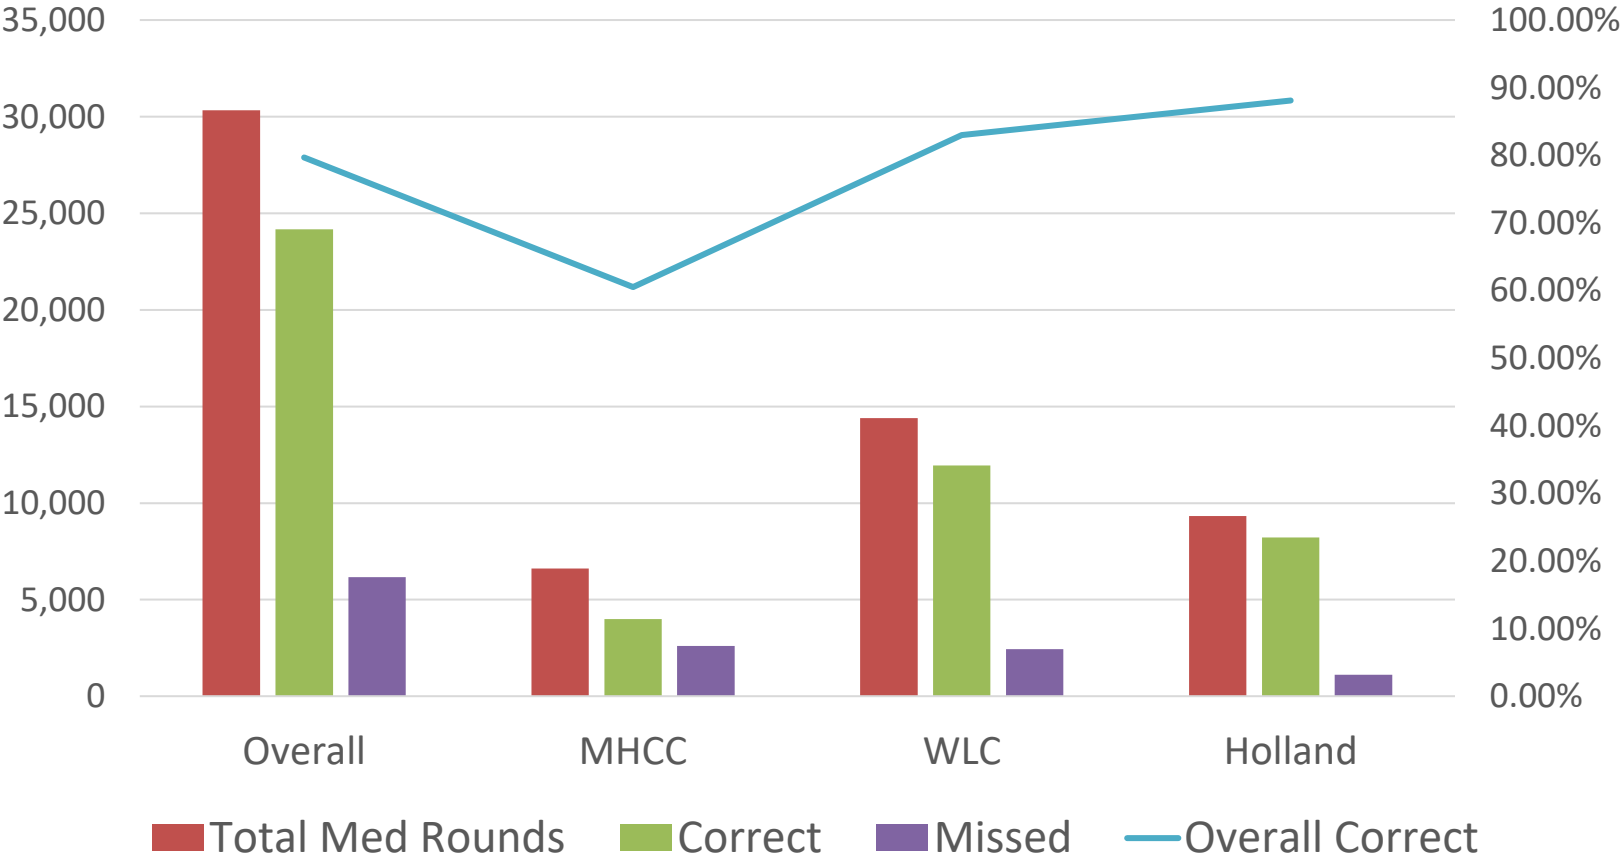

# Overall Adherence Data

# Over 30,000 Medication Rounds Supported

- Missed & Wrong rounds notified to Councils – allowing for effect intervention
- Significant reduction in demand for Care Services
- Clear Health Benefit, not accounted for in data

# West Lothian Council User Case Study

Male,  
Aged 93

Diagnosed with  
Vascular  
Dementia

Daughter raised concerns  
about medicating  
independently. Covid 19  
meant daughter had to  
reduce her visits

Reduction in  
15 minute medication  
visit

Peace of mind for  
daughter

**“YOURmeds has helped set my mind at ease knowing that I can be assured that my dad is safe in taking his meds correctly and has the back up of alerts going through to Careline if he opens too many pods” MM**

# West Lothian Council User Case Study

Male,  
Aged 49

Diagnosed with  
Learning  
Difficulties

Nurses and family raised  
concerns about poor  
independent medication  
resulting in him being  
admitted into hospital

Reduction in 2 carer  
visits

User has gained  
independence

Thank you for listening,  
we look forward to hearing from you
