

Empowering People through Technology
Managing Medication in the community

Certificate No:351482020

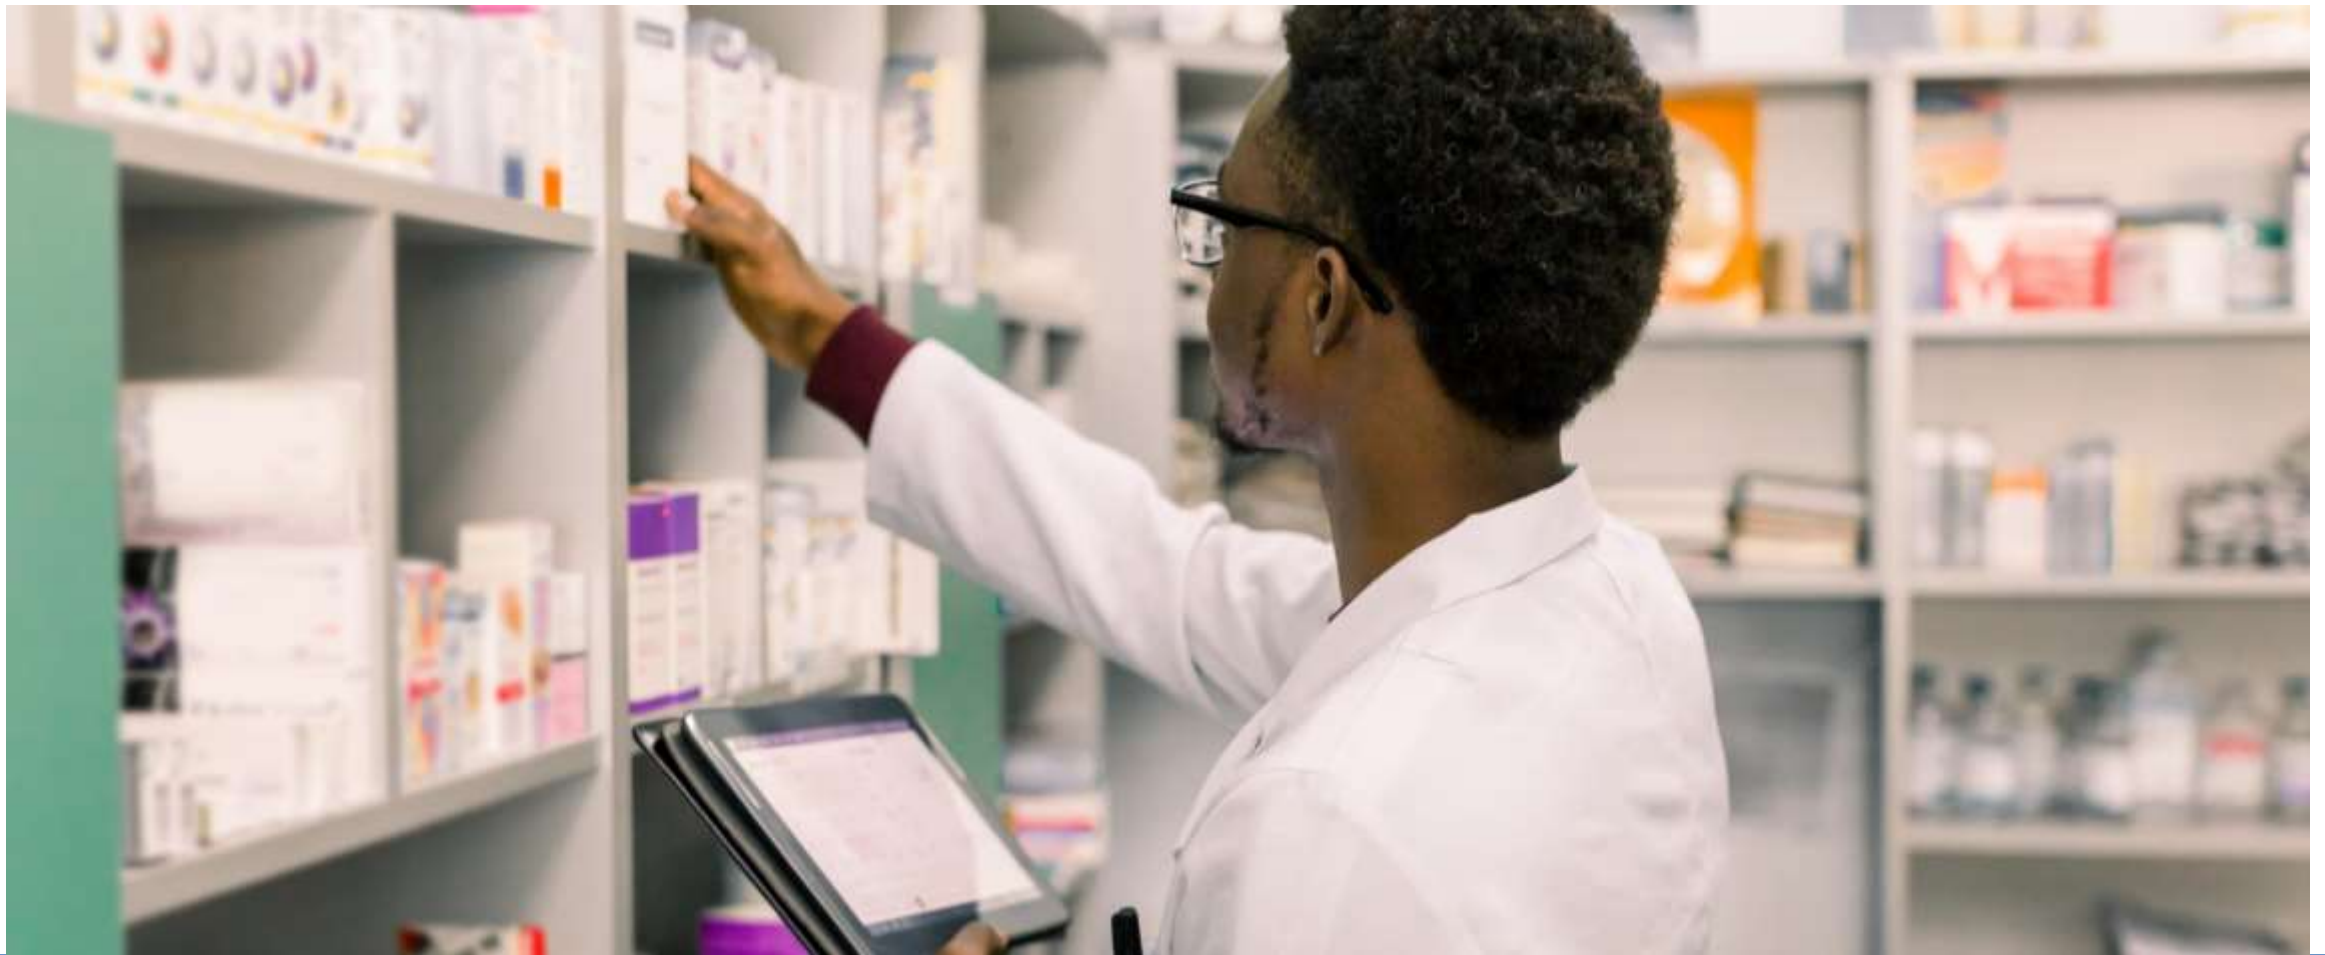

Agenda

- YOURmeds – Quick Introduction
- Solving the Distribution Problem
- Real World Evidence shows solid results
- Building bridges between health and social care

Technology & Distribution – the key USP in Medication

People are at the centre of what we do

Those who need support, and those that support them

reduces the risk of major cardiovascular events by **20%**

4 out of 10 people

with hypertension – (that's 25,000 people in the average CCG) are not treated to target

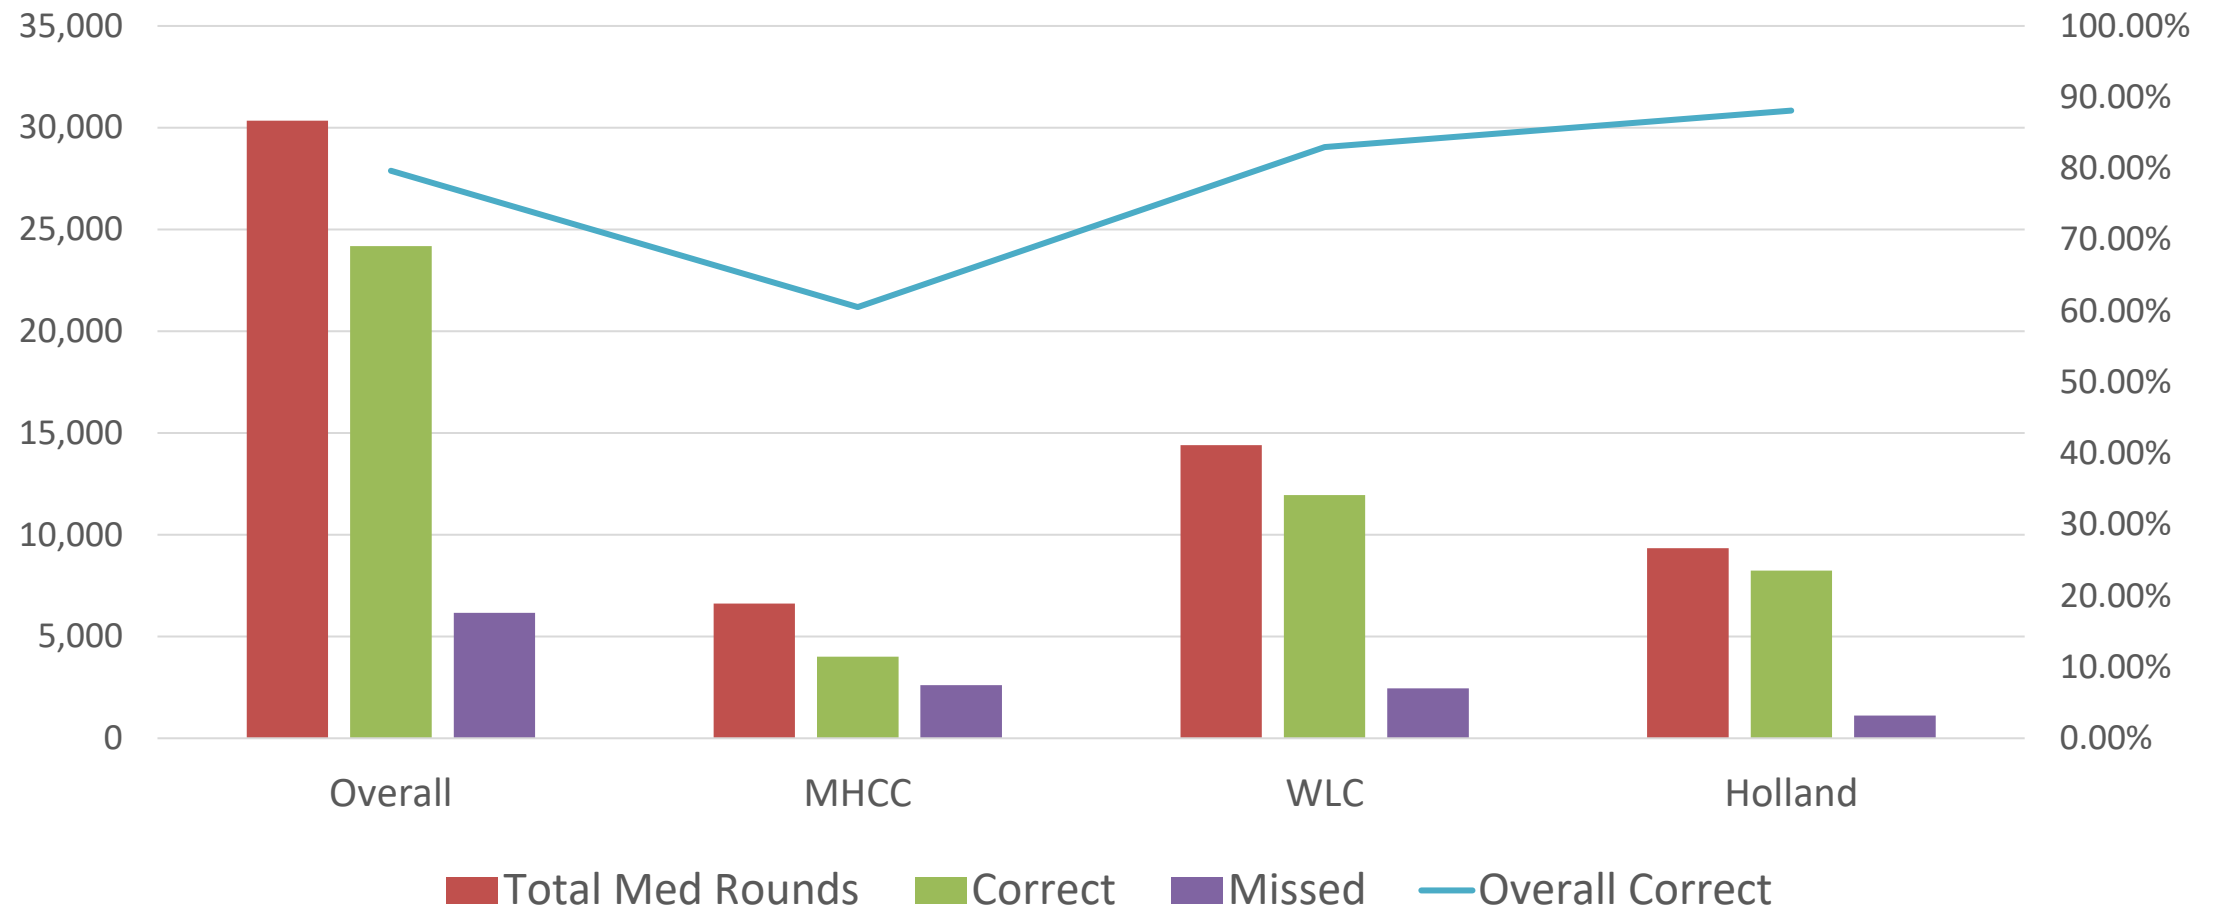

Between 50-80%

of patients with high blood pressure do not take all of their prescribed medicine

Actionable and Relevant Data

The Right Data gives the best Nudge!

Thank you for listening,
