

A white Everon smart door lock is mounted on a light-colored door. The lock features a black circular sensor at the top with the 'everon' logo, a digital display showing '1056', and a red emergency release button with a white icon. The background is a blurred interior space with a window and a person sitting at a table.

2026 Evercare Winter Projects

Housing with Care Team

Supporting residents who are showing deteriorating health and have increased falls in a Housing with Care scheme

County Council

Short term assessment for referrals with complex needs to determine right sized care packages

Unitary Authority

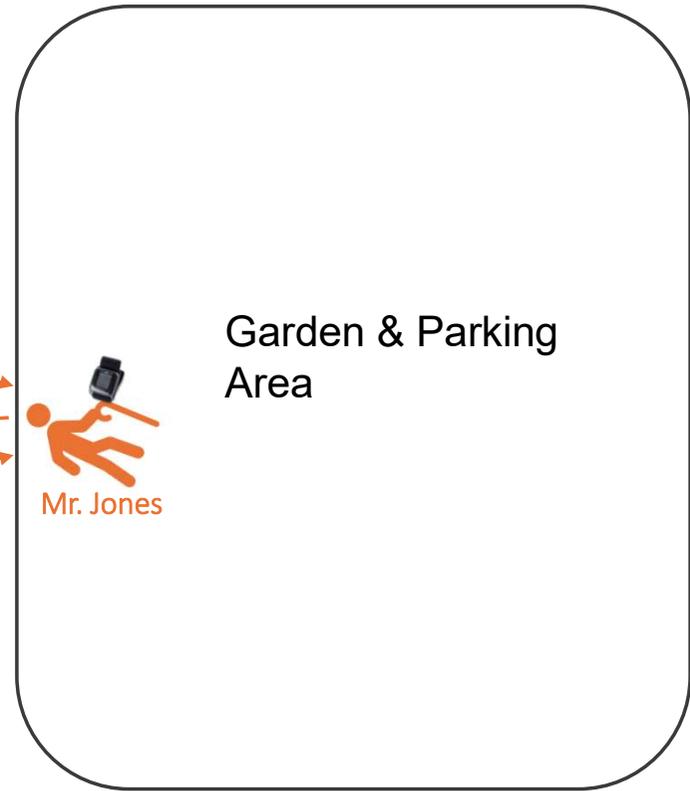

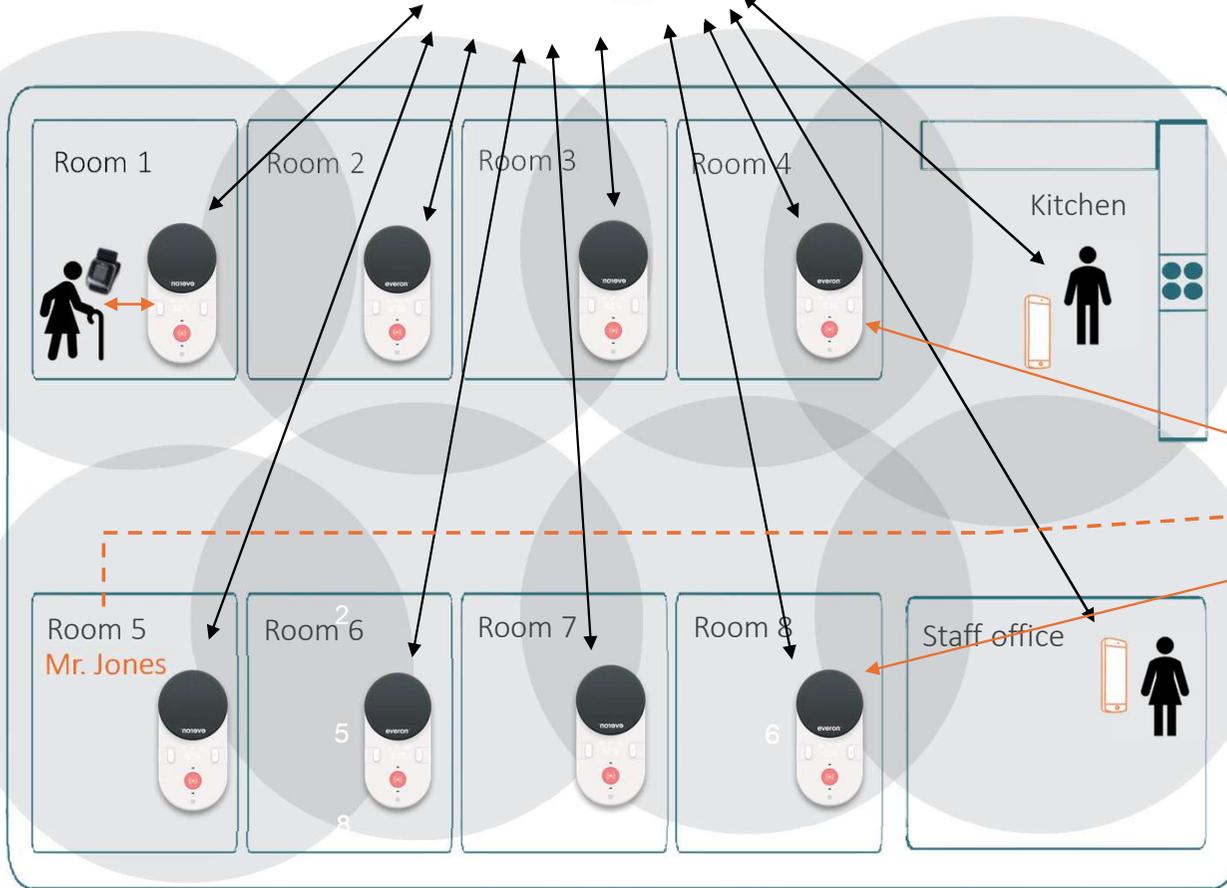

Users living independently but have a very high weekly hospital admission rate

Desired improved outcomes for service users

- Right sized care packages – no under/over provisioning
- Reduce falls/wandering
- Reduce hospital admissions
- Early detection of changes in behaviour
