CareView - One Intelligent Platform

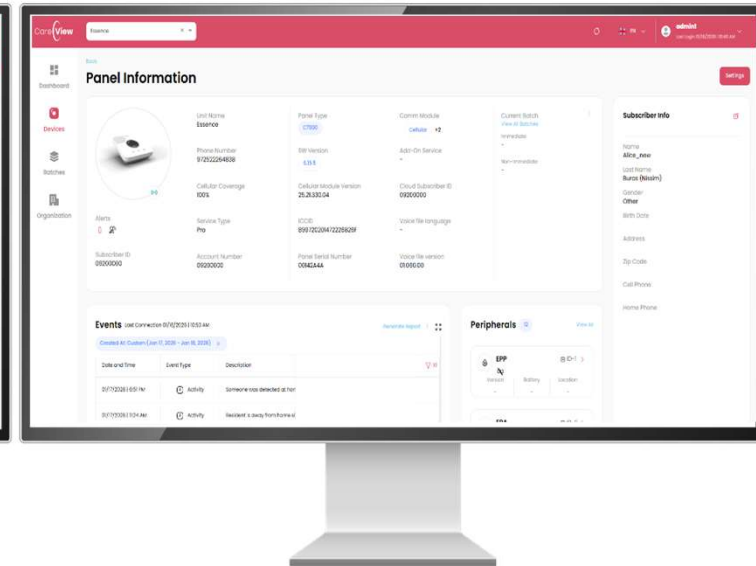

DASHBOARD

PORTFOLIO MANAGEMENT

DEVICE MANAGEMENT

Dashboard

The screenshot displays the CareView dashboard interface. At the top, there is a navigation bar with the CareView logo, a unit filter set to 'All Units', and user information for 'admin' with a last login of 12/25/2025 at 2:04 PM. The main dashboard area is titled 'Dashboard' and contains several widgets:

- Panel Connectivity:** Shows 13 Online devices and 127 Offline devices.
- Panel Alerts:** Shows 0 alerts (0%) for Power Outage and 10 alerts (77%) for Battery Issue.
- Panels with Peripheral Alerts:** Shows 0 Empty Battery, 0 Low Battery, 2 Supervision Lost, and 0 Tamper alerts.
- Batch Status (Last 30 Days):** A table showing the status of various batches. A legend indicates Success (green), Failed (red), In progress (orange), Pending (blue), and Cancelled (grey).

Batch ID	Status	Time
1	Success	12/25/2025 2:27 PM
1	Success	12/25/2025 2:18 PM
1	Success	12/25/2025 1:58 PM
1	Success	12/25/2025 1:52 PM
2	Failed	12/25/2025 1:05 PM
2	Pending	
- Monitoring (Last 24 hours):** A list of recent events, including file update processes and panic alerts.

Uncompromised Today. Uncompromised Future you can grow with us

Care@Home™
Monitoring
